La rivoluzione della fibra di carbonio. L'ennesimo salto in avanti dello stile Pershing, concepito per stupire in ogni sua componente, a cominciare dalla materia di cui è fatto. Leggero, veloce, iper-performante, dotato di spazi più ampi e accoglienti e di un nuovo sistema propulsivo, Pershing 8X è il sogno e il capolavoro della "X Generation".

The carbon fiber revolution. The umpteenth leap forward in Pershing style, each and every component designed to amaze, starting with the construction material. Lightweight, fast, hyper-performing, with the most spacious, welcoming spaces and a new propulsion system, the Pershing 8X is the dream and masterpiece of the "X Generation".

La révolution de la fibre de carbone. La dernière avancée du style Pershing, conçu afin d'étonner à travers chacun de ses composants, à commencer par le matériau dans lequel il est réalisé. Léger, rapide, extrêmement performant et doté d'espaces plus vastes et accueillants, ainsi que d'un nouveau système de propulsion, le Pershing 8X est le rêve et le chef-d'œuvre de la « Génération X ».

Революционное карбоновое волокно. очередной шаг вперед стиля Pershing, призванного удивлять каждой своей составляющей, начиная с материалов, из которых изготовлена яхта. Легкая, быстрая, гиперпроизводительная, обладающая более обширными и уютными пространствами, оснащенная новой пропульсивной системой, Pershing 8X - это мечта и шедевр «Поколения X».

Tech Specs

In Pershing 8X, la sofisticata naturalezza della fibra di carbonio esalta il design sportivo di Pershing e i suoi elementi più caratteristici, come le imponenti ali laterali e il profilo aerodinamico del ponte sole. Tra le innovazioni più sorprendenti spicca la completa integrazione della scala d'accesso allo sport-fly, che da firma estetica si evolve così in elemento funzionale, garantendo maggiore spazio nel pozzetto con una soluzione ingegnosa dal grande impatto scenico.

Au sein du Pershing 8X, l'aspect naturel et sophistiqué de la fibre de carbone sublime le design sportif de Pershing et ses composants les plus emblématiques, comme les grandes montants latéraux et le profil aérodynamique du pont supérieur. Parmi les innovations les plus surprenantes, l'intégration de l'échelle d'accès au sport-fly se distingue, passant de signature esthétique à véritable élément fonctionnel, offrant plus d'espace au sein du cockpit grâce à une solution ingénieuse et très spectaculaire.

In Pershing 8X, the sophisticated naturalness of the carbon fiber boosts Pershing's sporty design and its most characteristic elements such as the stunning side wings and the aerodynamic profile of the sun deck. One of the most surprising innovations is the full integration of the stairway leading to the sport flybridge, which evolves from an aesthetic signature into a functional element, leaving more space in the cockpit through an ingenious solution with great scenic impact.

В Pershing 8X изысканная естественность карбона подчеркивает спортивный дизайн Pershing и его наиболее характерные элементы, в частности, внушительные боковые крылья и аэродинамичный профиль сандека. Среди самых удивительных нововведений - полная интеграция входной лестницы со sport-fly. Это оригинальное и чрезвычайно эффектное решение превращает чисто эстетический элемент в функциональный и позволяет получить больше места в кокпите.

Greater speed, lower consumption.

La doppia motorizzazione assicura i 45 nodi nella versione standard e fino a 48 nodi in quella opzionale.

The twin engines ensure speeds of 45 knots in the standard version and up to 48 knots in the optional configuration.

La double motorisation de série permet de dépasser les 45 nœuds, tandis que celle en option permet d'atteindre les 48 nœuds.

Два двигателя позволяют развить скорость в 45 узлов в стандартном исполнении и до 48 узлов в варианте под заказ.
